Welcome to Ancient Greece!

Task: Your goal is to use the Internet to learn all about the ancient Greek people and culture. You will need to read carefully and be excellent investigators on this exciting journey!

Process: Follow these steps to answer the questions on your webquest sheet. Make sure that you fill out your investigation sheet completely and be ready to share what you learned with the class!

Step One: Where in the world is Greece?
1. Look at this map of Greece. (To zoom in click the + button on the left, to zoom out click the - button.)

2. List 3 countries surrounding Greece:
   1. ____________________
   2. ____________________
   3. _________________

3. Click the word “Satellite” on the top of the screen. This gives you a picture of Greece from a satellite. Zoom out to see where Greece is in the world. Can you figure out what continent Greece is on?
   Write the continent here: _____________________

4. Now click on the word “Map” at the top of the map and click the box next to “Pictures” Zoom back IN on Greece and click on some of the pictures to see what Greece actually looks like! Describe some of the things you see in the pictures:
   ____________________________________________________________________
   ____________________________________________________________________
   ____________________________________________________________________
